

Fund manager for Greater China and Asia (ex-Japan)

Name: Paul Ho

Bio:

Paul Ho has over 28 years of investment experience and manages a number of Asian funds at UOBAM. He joined UOBAM in 2008 and currently leads UOBAM's initiatives to apply Artificial Intelligence (AI) in our various investment solutions. Before joining us, Paul was with Ramius (Asia) running their Long Short Equity Fund. He was also Senior Director at Asia APS Asset Management, covering the Asian technology, industrial and consumer sectors. He has previously worked for Boston Consulting and the Monetary Authority of Singapore (MAS). Paul graduated with First Class Honours from Oxford University, United Kingdom.
