

Vivian Tang is an analyst in the Portfolio Analytics and Design team within HSBC Asset Management in Hong Kong and has been working in the financial industry since 2005. Within the team, Vivian is responsible for providing comprehensive portfolio analysis and interpretation on core products across all investment strategies managed in Hong Kong. Prior to joining HSBC in March 2019, Vivian worked as a risk manager for Harvest Global Investments, where she was responsible for performance and risk analytics on the firm's portfolio. Previously, Vivian held positions as performance & analysis manager at Manulife Asset Management, client support at Axioma and assistant manager in investment analytics services at State Street Bank & Trust. Vivian received a Bachelor of Economics & Finance from the University of Hong Kong and Executive MBA from Quantic School of Business and Technology.
